

## CONTENTS

### FACULTY OF ARCHITECTURE

1. *V. Ivanov, P. Rafailova, N. Poppetrov.* A Research on the Influence of French Architecture School on Bulgarian Architecture and Urban Planning and the Architecture Education in Bulgaria (Based on the Example of the Architectural Heritage of Architect Nikola Lazarov) ..... 15
2. *M. Tasheva-Petrova.* The Role of University in Urban Knowledge Management and Capacity Building for Spatial Planning ..... 35
3. *M. Metalkova-Markova, H. Changuleva.* Interactive Model for Regeneration of Unused Railway Heritage (Case Study of the Railroad Kocherinovo – Rila – Rila Monastery) ..... 45

### FACULTY OF STRUCTURAL ENGINEERING

4. *P. Chobanov, S. Boyadzhiev.* Research of Polymer Mortars for Repair of Abrasion Damages of Concrete and Reinforcement Concrete Elements of Hydrotechnics and Transportation Facilities ..... 54
5. *Iv. Zhekov, G. Mollova.* A Comparative Analysis of Approaches for Defining Design Seismic Actions with Artificial Accelerograms ..... 66
6. *T. Todorov, F. Rangelova.* Price, Fields of Application and Economic Analysis for Reinforced Masonry Columns with Longitudinal Steel Bars and Transverse CFRP Strips ..... 80
7. *T. Todorov, F. Rangelova, P. Hristov.* Failure Mode in Masonry Columns, Reinforced with CFRP Stenghtening Sistem. Load Bearing Solutions with Longitudinal Bars ..... 94
8. *Sv. Spasov, E. Abdulahad.* Strengthening with FRP of Reinforced Concrete Beam Exposed to Aggressive Influence ..... 112
9. *R. Zaharieva, Y. Kancheva, B. Petrov.* Modeling of Concrete Carbonation Process by Artificial Neural Networks: Application to Recycled Aggregate Concrete ..... 123
10. *M. Kouteva-Guentcheva.* Some Comments on the Use of Public Data for Seismic Risk Estimation in Bulgaria ..... 134
11. *B. Bratoev.* Pozzolanic Activity Assessment of Calcined Clays Additivities ..... 141
12. *R. Orlinov, A. Nikolov, O. Ganchev.* Experimental Study of Precast Large-Panel Joints ..... 151
13. *S. Brozig.* Strengthening of Reinforced Concrete Beams with Externally Prestressed Tendons ..... 162

14.	<i>F. Oncheva, D. Boshnakov.</i> Composition, Structure and Properties of Antique Solutions Used in Construction of Buildings in the Roman Town “Ulpia Oescus” .....	172
15.	<i>P. Hristov, M. Petkova.</i> Organizational, Technological, Structural Solutions in Strengthening of Precast Reinforced Concrete Structures.....	183
16.	<i>J. Tsenkova, F. Rangelova, M. Traykova, E. Abdulahad.</i> Strengthening the Reinforced Concrete Arch with CFRP .....	192
17.	<i>Pl. Chobanov, K. Nenov.</i> Study of Multi-Layered Surrounding Structures Based on Capillary-Active Materials .....	199
18.	<i>S. Parvanova, G. Vasilev.</i> An Application of BEM-FEM Hybrid Technique for Soil-Structure Interaction Problems in Time Domain trough ANSYS Software .....	201
