

**Test instructions for students majoring in SSS to take lectures exam in *Fundamentals of Hydraulics and WSS***

1. Only students who have certified the project in “*Fundamentals of Hydraulics and WSS*” and received a positive grade (average 3.0 inclusive) of exercises from the respective teachers are allowed to take the exam. A list of these students is provided to the lecturers by the exercise teachers.
2. The exam will be held in the e-learning platform of UACEG on pre-agreed dates from 9:00 am.
3. Admitted students will be added by the professors to the exam group on the subject “*Fundamentals of Hydraulics and WSS*” in the e-learning platform of UACEG the day before the exam.
4. The exam is in the form of a test and contains 30 questions with fixed answers to choose from.
  - 4.1. The correct answers are from 1 to the maximum number of specified options.
  - 4.2. The maximum number of points on the test is 30, each question carries a maximum of 1 point with a correct answer (1 point = 100%). An answer is considered correct, in which all the correct options are marked.
  - 4.3. When specifying an incomplete number of correct options, the number of points awarded is determined as % of the maximum.
  - 4.4. In case of a wrong answer, % of the points for the question are deducted.
  - 4.5. In case of no answer, 0 points are awarded.
5. The duration of the exam is 45 minutes.
6. The test can only be completed once. After passing the test there is no option for correction.

**In order to pass the test after completing it, the button must be selected**

Предаване на всичко и приключване

7. The test opens at 9:00 am and is active for 45 minutes. If it is not submitted within the prescribed time (until 09:45 am) the test is invalid.
8. The test scores are published by the lecturer.
